**Commissioner of Patents and Trademarks**

RE: 09/583,654

In view of the applicant's arguments in the Appeal Brief with respect to the non-obvious substitution of single-site catalyzed materials for conventional ones, the finality of the previous office action is withdrawn. The examiner agrees with the applicants' arguments that the processing requirements and properties of the resins are different so it is not a simple substitution of one material for another.

All claims are allowable. However, due to a potential interference, ex parte prosecution is SUSPENDED FOR A PERIOD OF 6 MONTHS from the date of this letter. Upon expiration of the period of suspension, applicant should make an inquiry as to the status of the application.

  
D. Lawrence Tarazono  
Primary Examiner
